

AlcoVISOR Mars

Professional Grade Breathalyser

Fuel Cell Sensor

Key Features

- High Quality Fuel Cell Sensor
- Registered DOT FDA Approved/ISO Certified NHTSA (National Highway Traffic Safety Admin)
- High Accuracy and Superb Value
- Intelligent functions
 - Accurate sampling system
 - Flow check, low battery warning, Auto power off
- Can be used in UK, (inc Scotland) & Worldwide

Specifications

- Sensor: Professional Fuel Cell Sensor
- Accuracy: $\pm 0.05\%$ BAC at 0.050% BAC
- Detection Range: 0.00 to 2.00 mg/litre % BrAc
- Warm-up Time: Less than 30 secs
- Response Time: Within 2 Seconds
- Dimension: 107mm Height x 51 Width x 20 Depth
- Weight: 85g
- Power: 2 x AA Battery (supplied)

Components

- 1 x AlcoVISOR Mars Pro
- 1 x Soft Protective Pouch
- 5 x Mouthpieces (included)
- 2 x AA Batteries (included)
- 1 x Manual
- 1 x Quick Start Guide

Road Safety Analysis

A Leading UK Road Safety Company

'The Mars device did rather well on our street test and was consistently giving out reliable results. It contains a 'fuel cell' which is used to measure the alcohol, so in theory should be more reliable for a longer period of time. We were all impressed with it's design, ease of use and quality of build. It feels robust, looks good, and couldn't be simpler to use.'
